## Investment Strategies in *Qualified Opportunity Zones*

---

Gear up to leverage the 2017 Tax Cuts and Jobs Act, offering **significant tax benefits** for real estate and other investment in Qualified Opportunity Zones!

- Learn about the opportunities, tax regulations and process to qualify for tax deferral and reduction on capital gains and tax exclusion for future gain when you reinvest your capital gains in communities that would benefit from economic development, called Qualified Opportunity Zones (QOZ).
- Designated QOZ's are economically distressed communities that offer investors the opportunity to take the gains realized on the sale of other assets and reinvest in a QOZ with significant tax benefits.
- Join in the conversation, offer your insights and learn from our team how to navigate the complex process to qualify for this tax deferral.
- We'll facilitate an interactive discussion to explore the significant tax benefits and help individuals and companies position themselves to take advantage of these promising investment strategies.
