

Design Professionals Executive Roundtable

Please join us for a virtual program & wine tasting
March 11th from 4:30 – 6:15 pm

Please join us for the next in our ongoing Executive Roundtable Series; exploring the vital topics and essential insights affecting Design Professionals and the service organizations that support them.

Virtual meeting to include a general session followed by facilitated discussion groups and a hosted wine tasting with [DeLille Cellars](#). You will taste extraordinary wines and enjoy a professionally guided experience.

Our discussions will be dynamic and interactive, giving participants an opportunity to engage with one another and explore the areas of heightened interest and shared focus.

With the current backdrop of a new administration, potential new legislation, and the impacts of COVID-19, we will share our insights, seek your perspectives and answer questions on the following topics:

- The regional economic and industry landscape for 2021
- Risk management and liability assessment concerns
- Firm expansion and growth strategies, both organically and by acquisition

To ensure a more intimate and productive discussion, we are limiting this event to approximately 30 design professional senior executives and select insurance/service providers on a first-in basis. As such, we encourage you to RSVP as soon as possible.

So that we may ensure the timely delivery of the wines to your preferred address for the hosted tasting, please RSVP prior to February 26th. **All RSVP's should be sent to Beth Bakke at bbakke@bpmlaw.com**
